Tel: +65 6601-2956

Education

- 2006–2012 **PhD**, *Cornell University*, Ithaca, NY
Psychology, with a graduate minor in Cognitive Science
Thesis: The learning trajectory of musical memory: From schematic processing of novel melodies to robust musical memory representations
Supervisors: David Field, Michael Spivey, Jason Zevin, Michael Goldstein, David Pizarro
Thesis defended July 2012, degree conferred Jan 2013
- 2001–2005 **Bachelor of Humanities and Arts**, *Carnegie Mellon University*, Pittsburgh, PA
Cognitive Psychology and Cello Performance

Professional Experience

- Nov 2022 – **Director**, Centre for Music and Health, National University of Singapore (NUS)
- Jan 2020 – **Assistant Professor (tenure track)**, National University of Singapore (NUS)
Yong Siew Toh Conservatory of Music, Joint Appointment at Yale-NUS (2020-21)
- 2019–2020 **Research Scientist III**, Agency for Science, Technology and Research (A*STAR)
Principal Investigator, Music Cognition Group
Social & Cognitive Computing Department, Institute of High Performance Computing (IHPC), Singapore
- 2018–2019 **Adjunct Assistant Professor**, National University of Singapore (NUS)
Yong Siew Toh Conservatory of Music
- 2017–2019 **Research Scientist II**, Agency for Science, Technology and Research (A*STAR)
Founder and Principal Investigator, Music Cognition Group
Social & Cognitive Computing Department, Institute of High Performance Computing (IHPC), Singapore
- 2017–2018 **Scientific Consultant**, X-System Limited, London, UK
- 2015–2017 **Senior Research Scientist**, X-System Limited, London, UK
- 2013–2016 **Postdoctoral Researcher**, Queen Mary University of London
Computational Creativity Laboratory (Professor Geraint Wiggins)
Cognitive Science Group, Centre for Digital Music
School of Electronic Engineering and Computer Science
- 2014–2015 **Research Associate**, Bridge Collaboration Ltd (now TreeHouse Innovation), London, UK

- 2012–2013 **Postdoctoral Researcher**, Queen Mary University of London
 Music Cognition Laboratory (Dr. Marcus Pearce)
 Cognitive Science Group, Centre for Digital Music
 School of Electronic Engineering and Computer Science
- 2011 **Visiting Researcher**, Goldsmith's College University of London
 Centre for Cognition, Computation and Culture
 Department of Computing
Project: Computational modeling and musical memory
Hosts: Professor Geraint Wiggins and Dr. Marcus Pearce
- 2009–2011 **National Institute of Health Research Fellow**, Weill Cornell Medical College, New York, NY. IMAGINE fellowship (NIH T32HD055177)
Project: Learning Structured vs Unstructured Auditory Sequences: Investigating Neural Responses with ERP and EEG Time-Frequency Analyses
Mentor: Professor Jason Zevin
- 2005–2006 **Associate Principal Cellist**, Westmoreland Symphony Orchestra
 Greensburg, Pennsylvania
- 2004–2005 **National Institute of Mental Health (NIMH) Research Fellow**, University of Pittsburgh
Project: How Familiar Melodies Influence Context Effects in Speech Perception
Mentor: Professor Lori Holt
- 2002–2005 **Research Assistant**, Carnegie Mellon University
 Speech Perception & Learning Laboratory (Professor Lori Holt)
 Department of Psychology

Research Interests

Music perception and cognition; music, health and well-being; music technology for healthcare applications; computational models of music cognition; music pedagogy; musical learning and memory; expectation mechanisms; music and emotion; electroencephalography (EEG) and Brain-Computer Interfaces (BCI); Music Information Retrieval (MIR); computational creativity (CC) and the evaluation of musical CC systems

Teaching Experience & Credentials

- 2020–present **Assistant Professor**, *National University of Singapore (NUS)*, with a **Joint Appointment** at Yale-NUS College (fall terms)
- Teach ‘Music Cognition’ for students in the *Yong Siew Toh Conservatory of Music*, the *NUS Department of Psychology*, and at *Yale-NUS College*
 - Curriculum development: Develop and teach new modules at the *Yong Siew Toh Conservatory of Music*, including ‘Music Cognition’, ‘Music and Health’, and ‘The Psychology of Music Performance’
 - Develop and teach new enrichment module on ‘Music, Health, and Well-being’ at the *NUS Yong Loo Lin School of Medicine*

- Support and establish new research activities in the *YST Conservatory of Music*
- 2018–2019 **Adjunct Assistant Professor**, *National University of Singapore (NUS)*
 - Develop and teach new undergraduate modules on Music Cognition (MUA3230) and ‘Independent Research in Music’ for students in the *Yong Siew Toh Conservatory of Music* and the *Department of Psychology*
 - Support and establish new research activities in the *YST Conservatory of Music*
- 2017–present **PhD student co-supervision**
 - Phoebe CHUA, National University of Singapore (NUS), School of Computing, Information Systems
 - Stephanie Yin Hui LEW, National University of Singapore (NUS), School of Computing
 - Raven Kin Wai CHEUK, Singapore University of Technology and Design (SUTD), Graduate School of Information Systems, Technology, and Design; graduated in Dec 2022
 - Yin-Jyun LUO, Singapore University of Technology and Design (SUTD), Graduate School of Information Systems, Technology, and Design; transferred in 2020
 - Muhammad Huzaifah Md Shahrin, National University of Singapore (NUS), Graduate School of Integrative Sciences and Engineering; graduated in Fall 2020
- 2017–present **Master’s student co-supervision**
 - Pinar Bilgin, Nanyang Technological University (NTU), School of Computer Science and Engineering
 - Jun Ming LOKE, Singapore University of Technology and Design (SUTD); Information Systems, Technology, and Design; graduated Sept 2021. Thesis title: Gamification of a Mood Diary App – ‘Game-First’ Design
 - Kumaresh Dharmalingam, Nanyang Technological University (NTU), School of Computer Science and Engineering, graduated 2021. Thesis title: Predicting sensory motor responses to rhythmic events: an EEG study of neuronal entrainment and beat perception
- 2018–present **Research Assistant and Intern supervision**
 - Qian Jun BEH, Undergraduate Student Research Assistant for NOURISH project, ‘Music Emotion Induction’ listening study (July 2023–present)
 - Laura YEE, Visiting Student Research Intern from Rice University (USA), Research Collaboration with National Kidney Foundation and TENG Ensemble (May – July 2023)
 - Ziqi WANG, Graduate Student Research Assistant for NOURISH project, ‘Music Emotion Induction’ listening study (Feb 2023–June 2023)
 - Aldrian JERRIKO, Undergraduate Student Research Assistant for NOURISH project, ‘Music Emotion Induction’ listening study (Feb 2023–June 2023)
 - Ting Yuan TAY, Research Assistant, ‘Music Emotion Induction’ listening study (Aug 2022–Dec 2022)

- Danan LEE, Undergraduate Student Research Assistant from Yale-NUS College, ‘Musical and Visual Expectations’ project (Jan 2022–July 2022)
- Ting Yuan TAY, Research Assistant, ‘Affective Automatic Music Generation System’ listening study (May 2022–June 2022)
- Ting Yuan TAY, Undergraduate Student Research Assistant from NUS Psychology Department (FASS), qualitative coding for TEG project (Feb 2022–June 2022)
- Namgyal Lhamo DOLMA, undergraduate intern from the the Indian Institute of Technology, Kanpur (Dept of Economic Sciences); ‘Neural and Cognitive Correlates of Music-Induced Emotion’ project (December 2021–April 2022)
- Ning KOO, Undergraduate Student Research Assistant from NUS Psychology Department (FASS), ‘Affective Automatic Music Generation System’ project (December 2021–April 2022)
- Betty Yinghui WANG, Undergraduate Student Research Assistant from Yale-NUS College, ‘Musical and Visual Expectations’ project (October 2021–Dec 2021)
- Ting Yuan TAY, Undergraduate Student Research Assistant from NUS Psychology Department (FASS), ‘Musical and Visual Expectations’ project (August 2021–Sep 2022)
- Cliff Soon Chai TAN, Undergraduate Student Research Assistant, YSTCM (NUS), ‘Affective Automatic Music Generation System’ project (July 2021–May 2022)
- Phoebe Chua, PhD Student Research Assistant from School of Computing, ‘Affective Automatic Music Generation System’ project (May 2021–present)
- Wen Liang LIM, Undergraduate Student Research Assistant, YSTCM (NUS), ‘Affective Automatic Music Generation System’ project (May–July 2021)
- Natasha Ureyang, Undergraduate Student Research Assistant, NUS Psychology, TEG project (Aug 2020–Sep 2021)
- Siddarth Sridhar, Student intern at YSTCM (NUS) for ‘Technology and Music Therapy’ project (May 2020 - February 2021)
- Ren Jie Tay, Research Assistant at IHPC A*STAR for ‘Music, cognition, and statistical learning in adults and the elderly’ study (2018–2019)
- Arihant Singhai, Student intern at IHPC A*STAR for ‘Music, cognition, and statistical learning in adults and the elderly’ study (2018)
- 2017–2018 **Supervision of Undergraduate Research Opportunities Programme (UROP) students**, Singapore University of Technology and Design (SUTD)
Project title: Developing a movement-based music game for preventive healthcare and well-being in the elderly.
- 2016–present **Associate Fellow of The Higher Education Academy**, UK Professional Standards Framework for teaching and learning support in higher education
- 2015–2016 **Certificate in Learning and Teaching**, Postgraduate Certificate in Academic Practice (PGCAP) program, Queen Mary, University of London
- 2014–2016 **Guest lecturer**, *Music Perception and Cognition*, School of Electronic Engineering and Computer Science, Queen Mary University of London

- *Lecture topics*: Musical Memory; The Development of Music; Music and Cross-Cultural Music Perception; Music and Evolution
- 2014–2016 **Co-Supervisor of graduate research**, Queen Mary University of London
 - Assisted in supervising QMUL PhD students
- 2007–2010 **Supervisor of undergraduate research**, Cornell University
 - Supervised diverse Cornell undergraduate research assistants
- 2007–2009 **Teaching Assistant**, Cornell University
 - Developmental Psychology
 - Psychology of Music
 - Laboratory in Cognition and Perception
 - Psychology of Emotion

Other training

- 2017 Project Management Professionals (PMP) course, completed at the Agency for Science, Technology and Research (A*STAR), Singapore
- 2016 Research workshop (invited participant), *From Computational Creativity to Creativity Science*, Center for Interdisciplinary Research, University of Bielefeld, Germany
- 2016 Workshop on *Auditory Neuroscience, Cognition, and Modelling*, Queen Mary, University of London, UK
- 2015 Workshop on *Music Cognition: Where Computational and Cognitive Models Meet*, University of Amsterdam, Amsterdam, The Netherlands
- 2015 Workshop on *Music Similarity: Concepts, Cognition and Computation*, Lorentz Center, Leiden, The Netherlands
- 2014 *Design Computing and Cognition* (DCC) Workshop on Computable Design Creativity Metrics, University College London, UK
- 2013 Computational Creativity School, University of Helsinki, Porvoo, Finland
- 2013 *Information Dynamics of Music* Workshop; Goldsmiths, University of London, UK
- 2010 EEGLAB workshop, University of California, San Diego, CA
- 2009 Merck Summer Institute for Developmental Neurobiology, Cornell University, Ithaca, NY
- 2008 Summer Institute on Social Cognition: Minds and Societies, The Université du Québec à Montréal, Montreal, Canada

Grants and Fellowships

- Startup funding for the new Centre for Music and Health (CMH), support from YST Conservatory of Music and the National University of Singapore, 2023–2026
- **Principal Investigator**, Mind Science Centre MAELab Research Grant. “Movin’ & Groovin’ for Well-

ness: A drumming and dancing program to support well-being in NUS students”, S\$14,000. 2023-2024

- **Principal Investigator** (WP1, Project 3), RIE2020 Advanced Manufacturing and Engineering (AME) Programmatic Fund. “Next-Generation Brain-Computer-Brain Platform – A Holistic Solution for the Restoration & Enhancement of Brain Functions (NOURISH)”, S\$9,950,280 (S\$1,303,680 to NUS). 2020-2024.
- **Principal Investigator**, NUS Centre for Development of Teaching & Learning (CDTL), Teaching Enhancement Grant (TEG). “Engaging deeply with Cognitive Science in a Conservatory of Music: Using student-centred, project-based learning to improve learning outcomes and performance practice in music students”, S\$14,600. 2020-2022.
- Collaborator, Singapore Ministry of Education (MOE) Tier II Grant (2018-T2-2-161). “aiMuVi: AI Music generated from Videos”, S\$648,216. 2019-2022.
- Co-Investigator, National Arts Council (NAC) Research Grant (grant awarded, but we declined). “Group Drumming for Improving the Health of Community-Dwelling Elderly: A Randomized Control Trial”, S\$50,000. 2021.
- **Co-Principal Investigator**, Singapore University of Technology and Design – Massachusetts Institute of Technology (SUTD-MIT) International Design Centre, Research Grant. “An intelligent system for understanding and matching perceived emotion from video with music”, S\$497,842. 2018-2020.
- Collaborator, National Arts Council (NAC) Research Grant (awarded but declined). “Visualizing the Intangible: Mapping the Past, Present, and Future of Singapore’s Unique Musical Heritage”, S\$147,000. 2019-2021.
- Postdoctoral Researcher, Platform Grant funding, Centre for Digital Music, Queen Mary University of London, for three months of postdoctoral support. Funding from the EPSRC, Grant EP/E045235/1. Nov, 2016.
- PROSECCO funding to organize and chair the first Workshop on Conceptual Blending and Metaphor Generation, Josef Stefan Institute. Ljubljana, Slovenia. Funding from the European Commission Framework Programme 7. April, 2016.
- PROSECCO grant for a Short-Term Mission: Collaborative research visit to the University of Helsinki (Discovery Research Group, Department of Computer Science). Funding from the European Commission Framework Programme 7. January, 2016.
- PROSECCO grant for a Short-Term Mission: Collaborative research visit at the Austrian Institute for Artificial Intelligence. Funding from the European Commission FP7. November, 2014.
- **Named Postdoctoral Researcher**, Learning to Create (Lrn2Cre8) project funded by the Future and Emerging Technologies (FET) programme within the Seventh Framework Programme for Research of the European Commission (grant #610859), €2,499,616 (equivalent to S\$3,827,050). 2013-2016.
- **National Institute of Health (NIH) research training fellowship** (NIH T32HD055177), training in electroencephalography (EEG) and neuropsychological research conducted at Weill Cornell Medicine / New York Presbyterian hospital (NYC), 2009-2011
- Cognitive Science Summer Research Fellowship, 2011
- NSF Travel Grant for CogSci 2009 (Amsterdam, NL), 2009

- NSF Pre-doctoral Fellowship Honorable Mention, 2008
- Cornell University Graduate School Conference Travel Grant, 2007, 2008
- Cognitive Science Program Travel Grant, 2007, 2008
- **Sage Fellowship**, highest fellowship at Cornell University for incoming Psychology PhD students, providing a 2-year stipend (no TAing required) and 5 years of summer support, 2006-2012
- Tomlinson Doctoral Fellowship (declined), McGill University, 2006
- **National Institute of Mental Health (NIMH) Fellowship**, conducted at the University of Pittsburgh / Western Psychiatric Institute and Clinic, 2004-2005
- Vira I. Heinz Scholarship for Study Abroad, 2003

Awards

- Recipient of the NUS **Annual Teaching Excellence Award** (ATEA; \$2000), 2022
- Awarded funding to organize and hold a week-long workshop on ‘Music, Computing, and Health’ (€25,000), awarded by the Lorentz Center, Leiden, the Netherlands, 2019
- International Conference of Music Perception and Cognition (Sapporo, Japan), Best Student Paper award, 2008
- Phi Kappa Phi Award of Excellence (\$2000 USD prize) for graduate study, 2005
- **Carnegie Mellon Presidential Scholar**, 2004-2005
- Carnegie Mellon Research Symposium, *First prize* in Studio for Creative Inquiry Research Competition and *Second prize* in Bose Competition in Auditory Research, 2005
- Senior Leader Recognition award, Carnegie Mellon University, 2005
- Carnegie Mellon Research Symposium, *First prize* in Psychology Department Research Competition and *Second prize* in Bose Competition in Auditory Research, 2004

Honor Societies and Professional Memberships

- Member, National Organization for Arts in Health (NOAH), 2022–present
- Member, American Association for Psychology, 2021–present
- Member, Association for Psychological Science, 2019–2021
- Member, American Association for the Advancement of Science, 2018–2019
- Member, Institute of Electrical and Electronics Engineers (IEEE), 2017–present
- Member, Cognitive Science Society, 2008–present
- Induction into Phi Beta Kappa honor society, 2006
- Induction into Psi Chi and Phi Kappa Phi academic honor societies, 2005

Conference Presentations

Chua, P., Gupta C., Agres K. R., & Nanayakkara S. (2022). Computational Music Systems for Emotional Health and Wellbeing: A Review. Talk presented at ACM Special Interest Group on Computer-Human Interaction (SIGHCI 2022). Copenhagen, Denmark.

Agres, K. R., Tay, T.Y., & Pearce, M. (2022). Comparing Musicians and Non-musicians' Expectations in Music and Vision. Talk presented at ACM Audio Mostly (AM'22). St. Pölten, Austria and online.

Agres, K. R., & Ureyang, N. (2022). Engaging deeply with Cognitive Science in a Conservatory of Music: Using student-centred learning to enhance learning outcomes in music students. Talk presented in a Presidential Session of the 35th conference for the International Society of Music Education (ISME 2022). Brisbane, Australia (online).

Agres, K. R., & Ureyang, N. (2022). Improving Students' Practice and Performance of Music by Incorporating Cognitive Science into Conservatory Curricula. Poster presented at the 35th conference for the International Society of Music Education (ISME 2022). Brisbane, Australia (online).

Heng, G., & Agres, K. R. (2022). Music, Technology, and Well-being in Singapore. Poster presented at the International Association for Music and Medicine (IAMM). Athens, Greece (online).

Agres, K. R., Foubert, K., & Sridhar, S. (2021). The Impact of COVID-19 on Music Therapy and Technology Use Around the World. Talk presented at the 16th International Conference on Music Perception and Cognition (ICMPC). Sheffield, UK (online).

Satkuanrajah, P. & Agres, K. R. (2021). Web-platform Prototype for Visualisation of Kinematic Data captured from a Music-based Tele-rehabilitation System. Talk presented at the 16th International Conference on Music Perception and Cognition (ICMPC). Sheffield, UK (online).

Makris, D., Agres, K. R., & Herremans, D. (2021). Generating lead sheets with affect: A novel conditional seq2seq framework. Talk presented at IEEE International Joint Conference on Neural Networks (IJCNN). China (online).

- Agres, K. R. (2020). A novel, music-based Brain Computer Interface (BCI) system for emotion regulation. Talk presented at the IEEE Engineering in Medicine and Biology Symposium (IEEE EMB 2020). Singapore (online).
- Agres, K. R. (2020). Developing Music Technology for Emotion Regulation and Motor Rehabilitation. Talk presented at the 16th WFMT World Congress of Music Therapy (WCMT 2020). Pretoria, South Africa (online).
- Herremans, D., Cheuk, K., Luo, J., & Agres, K. (2019). Untangling indices of emotion in music using neural networks. Paper presented at the 41st Annual Conference of the Cognitive Science Society, July. Montreal, Canada.
- Herff, S., Rashid, N., Lee, J., Lee, T., & Agres, K. (2019). Statistical Learning Ability as a Measure of Cognitive Function. Paper presented at the 41st Annual Conference of the Cognitive Science Society, July. Montreal, Canada.
- Agres, K., & Meredith D. (2018). Modelling Novice and Expert Listeners' Ability to Detect Changes in Short Melodies. Talk presented at the 15th International Conference for Music Perception and Cognition (ICMPC), July. Sydney, Australia.
- Agres, K., & Herremans, D. (2018). The Structure of Chord Progressions Influences Listeners' Enjoyment and Absorptive States in EDM. Talk presented at the 15th International Conference for Music Perception and Cognition (ICMPC), July. Sydney, Australia.
- Agres, K. & Herremans, D. (2017). Music and Motion-Detection: A Game Prototype for Rehabilitation and Strengthening in the Elderly. Talk presented at the IEEE International Conference on Orange Technologies (ICOT), December. Singapore.
- Agres, K. (2017). The Intersection of Neural Networks and Music Cognition. Talk presented at the Workshop on Deep Learning for Music, International Joint Conference on Neural Networks (IJCNN), May. Anchorage, Alaska.
- Agres, K., McGregor, S., Rataj, K., Purver, M., & Wiggins, G. (2016). Modeling metaphor perception with distributional semantics vector space models. Talk presented at the workshop for Computational Creativity, Concept Invention, and General Intelligence (C3GI), August. Bozen-Bolzano, Italy.
- Agres, K. & Pearce, M. (2016). A Cross-Modal Comparison of Veridical and Schematic Expectations. Talk presented at the International Conference on Music Perception and Cognition (ICMPC), July. San Francisco, California.
- Agres, K., Bigo, L., Herremans, D., & Conklin, D. (2016). The Effect of Repetitive Structure on Enjoyment in Uplifting Trance Music. Paper presented at the International Conference on Music Perception and Cognition (ICMPC), July. San Francisco, California.
- Agres, K. (2016). Harmonic Repetition as a Mechanism for Enjoyment and Altered States in Uplifting Trance Music. Talk presented at Musedelica conference, June. Brighton, UK.
- Agres, K., & Wiggins, G. (2015). Schematic processing as a framework for learning and creativity in Case Based Reasoning and Computational Creativity. Talk presented at the 23rd International Conference on Case-Based Reasoning, September. Frankfurt am Main, Germany.

- Agres, K., Grachten, M., Cancino, C., & Lattner, S. (2015). Harmonics co-occurrences bootstrap pitch and tonality perception in music: Evidence from a statistical unsupervised learning model. Talk presented at the 37th Annual Conference of the Cognitive Science Society, July. Pasadena, California.
- Agres, K., McGregor, S., Purver, M., & Wiggins, G. (2015). Conceptualizing Creativity: From Distributional Semantics to Conceptual Spaces. Talk presented at the Sixth International Conference on Computational Creativity (ICCC 2015), June. Park City, Utah.
- Agres, K. & Pearce, M. (2014). An Information-Theoretic Approach to Learning, Memory, and Expectation in Unfamiliar Musical Styles. Talk presented at the 13th International Conference on Music Perception and Cognition, August. Seoul, South Korea.
- Agres, K. R., Pearce, M. T., & Abdallah, S. A. (2013). An information theoretic approach to short-term musical memory. Talk presented at the 32nd Annual Conference of the Cognitive Science Society, August. Berlin, Germany.
- Agres, K. R., Pearce, M. T., & Abdallah, S. A. (2013). Information-theoretic structure impacts on expectation and memory for musical sequences. Invited talk presented at Information Dynamics of Music Workshop, March. London, England.
- Agres, K. (2012). Musical Change Deafness. Invited seminar for the Music Cognition Group at New York University, April. New York, NY.
- Agres, K., Goldfine, A., & Zevin, J. (2012). Learning Structured and Unstructured Jazz Sequences: An EEG Time-Frequency Approach. Poster presented at the International Conference on Music Perception and Cognition, July. Thessaloniki, Greece.
- Agres, K., Goldfine, A., & Zevin, J. (2011). Learning Structured vs Unstructured Musical Sequences: An EEG Time-Frequency Analysis. Poster presented at Neurosciences and Music IV, June. Edinburgh, Scotland.
- Agres, K., & Goldstein, M. (2011). Infant Melodic Category Learning: The Role of Variability in Tempo and Timbre. Poster presented at Neurosciences and Music IV, June. Edinburgh, Scotland.
- Agres, K. (2011). Learning Tonal Representations Over Time: A Computational Approach. Talk presented at the Northeast Music Cognition Group (NEMCOG) at New York University, April. New York, NY.
- Agres, K., & Zevin, J. (2010). Neural Correlates of Music Learning: An EEG Study of Musical Memory. Paper presented at the International Conference on Music Perception and Cognition, August. Seattle, WA.
- Agres, K., Datta, H., & Zevin, J. (2010). Brain Response Over Time to Structured and Unstructured Musical Sequences. Poster presented at the 32nd Annual Conference of the Cognitive Science Society, August. Portland, OR.
- Agres, K. (2010). Musical Learning and Memory. Talk presented at the Cornell University Graduate Research Seminar, February. Ithaca, NY.
- Agres, K., Topel, S., Moseson, S., Brown, S., & Spivey, M. (2009). A Comparison of Auditory and Visual Perception via a Novel Auditory Search Task. Poster at the Society for Music Perception and Cognition, August. Indianapolis, IN.

- Agres, K. R., Delong, J. E., & Spivey, M. J. (2009). The Sparsity of Simple Recurrent Networks in Musical Structure Learning. Poster presented at the 31st Annual Conference of the Cognitive Science Society, July. Amsterdam, NL.
- Agres, K. R., Delong, J. E., & Spivey, M. J. (2008). The Role of Sparse Representation in Learning Musical Structure. Poster presented at the Auditory Perception, Cognition and Action Meeting, November. Chicago, IL.

- Agres, K. R., & Krumhansl, C. L. (2008). Musical change deafness: The inability to detect change in a non-speech auditory domain. Paper presented at the 30th Annual Conference of the Cognitive Science Society, July. Washington, DC.
- Agres, K. R., & Spivey, M. J. (2008). On the development of tonal pattern representations in a simple recurrent network. Poster presented at Neurosciences and Music III: Disorders and Plasticity, June. Montreal, Canada.
- Agres, K. R., & Krumhansl, C. L. (2008). Auditory Change Deafness. Paper presented at the Music Cognition Symposium, February. Rochester, NY.
- Agres, K. R., & Krumhansl, C. L. (2007). Musical Change Deafness. Poster presented at the Auditory Perception, Cognition and Action Meeting, November. Long Beach, CA.
- Agres, K.R. (2006). Musical Change Deafness. Talk presented at the Cornell University Department of Psychology's Graduate Research Presentations, May. Ithaca, NY.
- Agres, K.R., & Holt, L. L. (2005). How familiar melodies affect context effects in speech categorization. Talk presented at the National Institute of Mental Health symposium at the University of Pittsburgh, August. Pittsburgh, PA.
- Agres, K.R., & Holt, L. L. (2005). How familiar melodies affect context effects in speech categorization. Poster presented at the Research Day at the University of Pittsburgh Medical Center, July. Pittsburgh, PA.
- Agres, K.R., & Holt, L. L. (2005). The influence of familiar melodies on context effects in speech categorization. Poster presented at the Carnegie Mellon University Research Symposium, May. Pittsburgh, PA.
- Agres, K.R., & Holt, L. L. (2004). Bridging music and psychology: Context effects in musicians with absolute pitch. Poster presented at the Carnegie Mellon University Research Symposium, May. Pittsburgh, PA.

Invited Talks, Keynotes, and Seminars

- Agres, K. R. (2023). Movin' and Groovin' for Wellness (MGW). Invited talk before MGW workshop held at the National Gallery Singapore's 'Gallery Wellness Festival', June. Singapore.
- Agres, K. R. (2023). Presenting Southeast Asia's first Centre for Music and Health: Emerging Trends and Findings. Invited department talk at the University of Jyväskylä's 'Centre of Excellence in Music,

- Mind, Body and Brain,' June. Jyväskylä, Finland.
- Agres, K. R. (2023). Embracing Music for a Healthier Future. Invited talk at Duke-NUS Medical School, April. Singapore.
- Agres, K. R. (2023). Introducing YST's new Centre for Music & Health. Keynote for CMH Fundraiser event entitled, 'Tuning into Wellness: Celebrating the Launch of SE Asia's first Centre for Music and Health,' March. Singapore.
- Agres, K. R. (2023). Embracing Music for a Healthier Future. Invited talk at the ArtScience Museum, February. Singapore.
- Agres, K. R. (2023). Introducing YST's new Centre for Music & Health. Talk and public launch of the Centre for Music and Health (CMH) at the 'Music Research in Singapore' symposium, February. Singapore.
- Agres, K. R. (2023). Music, Cognition, and the Affordances of Music for Healthcare. Invited talk for 'Beyond the Score' symposium, February. Singapore.
- Agres, K. R. (2022). Music and computing for healthcare applications: Interdisciplinary insights and innovation. Invited talk for 'Music, Mind, Movement & Technology (MMMT) pre-ISMIR conference workshop, December. Bengaluru, India (hybrid event).
- Agres, K. R. (2022). Introducing a Centre for Music & Health. Presentation for YST Governing Board, November. Singapore.
- Agres, K. R. (2022). Music in Healthcare: Supporting health outcomes using music-based complementary medicine. Keynote talk for NUS Medicine's Educators' Day, September. Singapore.
- Agres, K. R. (2022). Affective Automatic Music Generation and a Music-based Brain Computer Interface system for emotion regulation. Invited talk NUS Design Studio course on 'The Shape of Sound', September. Singapore.
- Agres, K. R. (2022). Music, Neuroscience, Computing, and Health. Invited talk and panel discussion for '3rd Conference on AI Music Creativity'. AI Music Creativity: Neuroscience & Health panel, September. Tokyo, Japan (online event).
- Agres, K. R. (2022). Introduction to the Psychology of Music and Empirical Methods. Invited talk for MMusL course for YST graduate students, September. Singapore.
- Agres, K. R. (2022). Music and Well-being: Leveraging music interventions and technology for health. Keynote Talk at the IPS-NAC Arts and Culture Research Symposium on 'The Role of Arts in Well-Being and Social Inclusion', August. Singapore.
- Agres, K. R. (2022). Music and Well-being: Leveraging music technology for mental health. Invited Talk and panel discussion for Mind Science Center 'Digital Mental Health Round Table', August. Singapore.
- Agres, K. R. (2022). A brief introduction to Music Cognition and the Psychology of Music Performance. Invited talk for 'Profession of Music' module, presented twice for all first-year YSTCM students, August. Singapore.

- Agres, K. R. (2022). Musicians' Health & Wellness and key messages from the Psychology of Music Performance. Invited talk during orientation activities for all first-year YSTCM students, July. Singapore.
- Agres, K. R. (2022). Expectation, Emotion, and Wellness: From music cognition to music technology for health and well-being. Invited talk for 'QMUL Music Cognition Lab 10th Anniversary' Workshop, July. London, England (in-person and online).
- Agres, K. R. (2022). Finding Emotional Well-being through Music: From drumming circles to brain-computer interfaces. Invited Keynote Talk for Mind Science Centre event at NUSS Guild House entitled 'A conversation on Emotional Resilience – Is Music The Answer?', April. Singapore.
- Agres, K. R. (2022). Music Cognition, Aging, and Health: From Auditory Learning Mechanisms to Music-Driven Emotion Regulation in Listeners. Invited talk for NUS Psychology seminar series. March. Singapore (online event).
- Agres, K. R. (2022). From Learning and Expectation Mechanisms to Music Interventions for Healthcare: A brief overview of recent research. Invited talk for Queen Mary University of London (QMUL) Music Cognition group, March. London, England (online event).
- Agres, K. R. (2022). Music, Health, and Well-being. Invited talk for NUS E-Open House 2022 event 'Conversations: Music and Health', March. Singapore (online event).
- Agres, K. R. (2022). Music for Health and Well-being. Invited talk and panel discussion. Urban Nature and Health roundtable at the Botanic Gardens, February. Singapore.
- Agres, K. R. (2022). Music for Health and Social Cohesion. Invited talk and panel discussion. Ministry of Culture, Community and Youth (MCCY), February. Singapore.
- Agres, K. R. (2021). Music, Computing, and Health: Interdisciplinary collaboration for the win. Invited talk for the Music Therapy Friendship Initiative (MTFI) seminar series, November. Jyväskylä, Finland (online event).
- Agres, K. R. (2021). Music, Brains, and Computers, Oh My! A fireside chat discussing the beauty and challenges of interdisciplinary research. Project Guide and invited speaker for the Women in Music Information Retrieval (WiMIR) virtual workshop series, October.
- Agres, K. R. (2021). Music, Technology, and Health: Forging a New Musical Frontier in Healthcare. Invited talk for the National Intrepid Center of Excellence (NICoE) Webinar Series, September. Washington DC, USA (online event).
- Agres, K. R. (2021). The Psychology of Music Performance. Invited workshop for the Music Unit of the Arts Education Branch, Ministry of Education (MOE), July. Singapore (online event).
- Agres, K. R. (2021). Music technology for healthcare and cognitive insights. Invited talk for The Centre for Brain Computing Research Seminar Series (NTU), July. Singapore (online event).
- Agres, K. R. (2021). Music and Well-being: Perspectives from Musician Practitioners, Music Therapy, and Music Medicine. Invited seminar for the Southeast Asian Directors of Music (SEADOM) 2021 Online Seminar, March. Singapore (online event).
- Agres, K. R. (2021). Music and Health. Invited talk for NUS E-Open Day, March. Singapore (online event).

event).

- Agres, K. R. (2020). A novel, music-based Brain Computer Interface (BCI) system for emotion regulation. Invited talk presented at the IEEE Engineering in Medicine and Biology Symposium (IEEE EMB 2020), October. Singapore (online event).
- Agres, K. (2019). Developing music-based technologies to support cognitive, motor, and emotional wellness. Invited speaker for Grand Rounds talk at National University Hospital (NUH), June. Singapore.
- Agres, K. (2019). What Music Cognition and Statistical Learning can tell us about human learning and memory. Invited Seminar at the SUTD Learning Sciences Lab, June. Singapore.
- Agres, K. (2019). The Use and Implications of AI for Creative Fields Such as Music. Distinguished Speaker at Clariden Global Conference on ‘Applying Artificial Intelligence and Deep Learning for Enterprises’, May. Singapore.
- Agres, K. (2019). The unsung hero of healthcare? Making the case for music in medical settings. Invited talk at the international Pint of Science festival, May. Singapore.
- Agres, K. (2019). Music cognition, statistical learning, and music technology for healthcare. Invited as ‘Eminent Scientist’ to present a talk and masterclass at the International Science Youth Forum, January. Singapore.
- Agres, K. (2019). Music-based medtech for emotion mediation, cognitive screening, and motor rehabilitation. Invited seminar at the Rehabilitation Research Institute of Singapore (RRIS), January. Singapore.
- Agres, K. (2018). Expectations, expectations, expecta...: Highlighting a fundamental concept in music cognition, and exploring its relevance to healthcare. Keynote talk presented at the 3rd International Music and Performing Arts Conference (IMPAC2018), November. Malaysia.
- Agres, K. (2018). Music research and its potential for BCI medtech. Invited talk presented at ‘Towards the Next-Generation BCI-MedTech Platform’ workshop, October. Singapore.
- Agres, K. (2018). Can you trust your senses? The science of auditory perception and illusion. Invited talk presented at *Science Café SG*, October. Singapore.
- Agres, K. (2018). From Neural Networks to Music Technology for Healthcare: An Overview of Recent Research from IHPC Music Cognition. Speaker at the ‘Music Research Symposium 2018’, Agency for Science, Technology and Research (A*STAR), February. Singapore.
- Agres, K. (2017). The future of Music Information Retrieval Research. Invited panellist, International Society of Music Information Retrieval (ISMIR), National University of Singapore Suzhou Research Institute, October. Suzhou, China.
- Agres, K. (2017). Leveraging Music Cognition for Health and Well-Being. Keynote speaker at the 4th International Symposium of the Princess Galyani Vadhana Institute of Music, September. Bangkok, Thailand.
- Agres, K. (2017). The power of music for health and well-being. Invited talk at the *one-north Festival: Pioneering an Innovation Future*, August. Singapore.
- Agres, K. (2017). Simulating music cognition with neural networks. Invited speaker at the Institute for

Infocomm Research (I²R, A*STAR), Deep Learning 2.0 group, June. Singapore.

Agres, K. (2017). The intersection of neural networks and music cognition. Invited talk presented at the Workshop on Deep Learning for Music, International Joint Conference on Neural Networks (IJCNN), May. Anchorage, Alaska.

Agres, K. (2017). Music cognition and translational research: Building a bridge between basic science and music-based therapies and interventions. Invited seminar presented at the Department of Psychological Medicine, National University Hospital (NUH), April. Singapore.

Agres, K. (2017). Understanding human perception and memory through the lens of music cognition. Invited seminar for faculty at SIM Global Education, Singapore Institute of Management (now the Singapore University of Social Sciences), April. Singapore.

Agres, K. (2017). Music Cognition, Caged and in the Wild. Invited seminar at the Institute of High Performance Computing, A*STAR, April. Singapore.

Agres, K. (2016). Evaluation of Creative Music Systems. Invited panellist, 1st Conference on Computer Simulation of Musical Creativity, University of Huddersfield, June. Huddersfield, England.

Agres, K. (2011). Musical learning and memory: A multi-method approach. Invited seminar at the University of London, Goldsmiths, February. London, England.

■ CMH Activities and Public Outreach

Agres, K. R. (2023). Movin' and Groovin' for Wellness (MGW): Dancing and Drumming session. Invited workshop held at the National Gallery Singapore's 'Gallery Wellness Festival', June. Singapore.

Agres, K., & Tan, L. (2023). Centre for Music & Health. Invited booth at the National Arts Council (NAC) Wellness Week event, 'Let's Connect,' June. Singapore.

Agres, K. R. (2022–present). Movin' and Groovin' for Wellness (MGW): Dancing and Drumming sessions for NUS students. Free CMH sessions for NUS students, first sessions held in Nov 2022. Singapore.

Heyang, Zhang (Dec 2022). *YST Conservatory establishes new Centre for Music and Health (CMH)*. Newspaper article in *Zao Bao*. English translation by Yan Ee available [here](#).

Yong Siew Toh Conservatory of Music (November 2022). *YST Establishes Centre for Music and Health*. Press release. Available [here](#).

The A-List (October 2022). *IPS-NAC Arts & Culture Research Symposium 2022: An interview with cognitive scientist Dr Kathleen Agres on the role of arts in well-being and social inclusion*. Interview

published online by *The A-List*.

National Arts Council (September 2022). *What we learnt from the Arts & Culture Research Symposium 2022*. National Arts Council online write-up about the IPS-NAC Arts & Culture Research Symposium. Available [here](#).

Pegoraro, Carla (December 2021). *Music based brain-computer interfaces – an interview with Stefan Ehrlich and Kat Agres*. PLOS ONE Blogs interview. Available [here](#). This interview was also shared on social media by Yale-NUS College, [here](#).

Kupfer, Rachel (December 2021). *Music for the mind: Researchers develop brain-computer interface that matches music to your mood*. Article on EDM.com. Available [here](#).

Yong Siew Toh Conservatory of Music (September 2021). *Music for Health and Well-Being*. Video interview for “YST Research Stories.” Video and transcript available [here](#). The interview was publicized on YSTCM and NUS social media (over 250 likes).

Channel NewsAsia (December 2018). *The evaluation of computational creativity*. Interview and cello performance for Channel NewsAsia, *Why It Matters*. Broadcast on Dec 24, 2018. Singapore. Video available [here](#).

Mediacorp TV Channel 5 (October 2018). *The Language of Life*. Invited scientist and speaker for the STAR lecture, Singapore Science Festival, broadcast on TV Channel 5 by Mediacorp. Singapore.

International Research Visits

- Research talk and meetings, University of Jyväskylä. Jyväskylä, Finland. June 27-29, 2023
- Research collaboration, Aalborg University. Aalborg, Denmark. Nov 6-11, 2016
- Research meetings, Lake Bled, Slovenia. Sep 14-16, 2016
- Research meetings, University of Twente. Enschede, the Netherlands. May 18-20, 2016
- Research meetings, Sony Paris. Paris, France. Apr 18-19, 2016
- Workshop and collaboration, Josef Stefan Institute. Ljubljana, Slovenia. Apr 12-15, 2016
- Research collaboration, University of Helsinki. Helsinki, Finland. Jan 13-15, 2016
- Research meetings, The Autonomous University of Madrid. Madrid, Spain. Dec 2-4, 2015
- Research collaboration and meetings Austrian Institute for Artificial Intelligence. Vienna, Austria. Nov 16-19, 2015
- Research collaboration, University of Antwerp. Antwerp, Belgium. Dec 13, 2014
- Research collaboration, Austrian Institute for Artificial Intelligence. Vienna, Austria. Nov 24-Dec 5, 2014
- Research meetings, Aalborg University. Aalborg, Denmark. Oct 1-3, 2014
- Research meetings, University of Coimbra. Coimbra, Portugal. Sep 24-26, 2014
- Research visit and workshop on Electronic Dance Music using statistical models and empirical evaluation, Sony Computer Science Laboratory. Paris, France. July 10-11, 2014

- Research visit concurrent with ICC3 2014 conference, Josef Stefan Institute. Ljubljana, Slovenia. June 9-13, 2014
- Research visit, Artificial Intelligence Research Institute. Barcelona, Spain. May 27, 2014
- Research meetings, University of the Basque Country. San Sebastian, Spain. May 21-23, 2014
- Research collaboration, Austrian Institute for Artificial Intelligence. Vienna, Austria. April 30-May 2, 2014
- Research meetings, University of Coimbra. Coimbra, Portugal. Dec 16-18, 2013
- Research collaboration, Centre for Cognition, Computation and Culture; Department of Computing, Goldsmiths College, University of London, UK. Jan 31-Feb 11 and May 15-June 15, 2011

Technology Disclosures and Patents

- Agres, K., Tan, C., Chua, P. & Dash, A. (2023). Patent Application No. 10202260229T. Title: *An Algorithmic Music Generation System for Emotion Mediation*. Submitted 2023.
- Agres, K., Tan, C., Chua, P. & Dash, A. (2023). Software-Based Invention. Title: *An Algorithmic Retro-pop Music Generation System for Emotion Regulation*. Disclosure submitted April 2023.
- Agres, K., Tan, C., Chua, P. & Dash, A. (2022). Software-Based Invention. Title: *An Algorithmic Classical Music Generation System for Emotion Mediation*. Disclosure submitted Aug 2022.

Service

- Guest Associate Editor for Frontiers journal special issue (Research Topic) on “New Advances and Novel Applications of Music Technologies for Health, Well-Being, and Inclusion”, 2022 – present
- Served as Opponent in formal Finnish PhD defense (3 hours of questions and public statements about PhD dissertation) for Andrew Danso; University of Jyväskylä, June 2023
- Main Organizer and Host of the 3rd Music Research in Singapore Symposium (MRSS), attended by over 110 academics, musicians, clinicians, educators, and policy-makers from Singapore. Also served as a speaker (CMH public launch) and Panel Chair of the *Music and Health* panel; Sep 2022 – Feb 2023
- Leading ‘Arts & Health’ for Health District @ Queenstown project, 2022 – present
- Program development and implementation of ‘Movin’ & Groovin’ for Wellness (MGW) drumming and dancing sessions for NUS students, Nov 2022 – present
- Founding Member and Leader of YSTCM (NUS) Music & Health Committee, 2022 – present
- Participation in YST curriculum development workshop, 2022
- Professional Awareness Guide/Mentor for 12 YST students per year, 2021 – present
- Guest lecturer in multiple courses at YSTCM (NUS), 2020 – present
- Member of YSTCM (NUS) Research Committee, and Professional Awareness Committee (similar to a curriculum committee), January 2020 – present
- Member of YSTCM (NUS) Wellness Committee, 2021 – 2022

- Senior Program Committee member, International Conference on Computational Creativity (ICCC), 2022, Bozen-Bolzano, Italy
- Reviewer, Multimedia Tools and Applications, 2021-2022
- Project Guide (mentor) and invited speaker for the Women in Music Information Retrieval (WiMIR) virtual workshop series, 2021
- Program Committee member and meta-reviewer, International Society of Music Information Retrieval Conference (ISMIR), 2021
- Program Committee, International Conference on Computational Creativity (ICCC), 2021
- Program Committee member and meta-reviewer, International Society of Music Information Retrieval Conference (ISMIR), 2020
- Program Committee, International Conference on Computational Creativity (ICCC), 2020
- Member of YSTCM (NUS) hiring committee (to hire several new Lecturers and Teaching Assistants), summer 2020
- Main Organizer, Lorentz Center workshop on ‘Music, Computing, and Health’, Leiden, the Netherlands, March 2019
- Program Committee, The 7th International Workshop on Musical Metacreation (MUME 2019) in Charlotte, USA, June 2019
- Scientific Advisory Board and Reviewer for Cognitively Based Music Informatics Research (CogMIR) 2019
- Mentor, Women in Music Information Retrieval (WIMIR), 2018–2019
- Reviewer for the International Conference on Music Perception and Cognition (ICMPC), 2018
- Main Organizer and Program Chair, IHPC Music Research Symposium, Singapore, Feb 2018
- Member, Reachout Committee (public outreach and STEM activities for children), IHPC A*STAR, Singapore, April 2017–2019
- Reviewer for the International Society of Music Information Retrieval (ISMIR) conference, 2017-2019
- Invited panellist, 18th International Society for Music Information Retrieval Conference (ISMIR), National University of Singapore Suzhou Research Institute (NUSRI), Suzhou, China, Oct 2017
- Organizing Committee, International Society of Music Information Retrieval Conference (ISMIR), Suzhou, China, Oct 2017
- Program Committee, IEEE International Conference on Orange Technologies (IEEE ICOT), Singapore, Dec 2017
- Program Committee, 2nd Conference on Computer Simulation of Musical Creativity (CSMC) in Milton Keynes, UK, Sep 2017
- String ensemble performance for *Musical Rendezvous* at the National University Hospital (NUH), Singapore, July 2017
- Program Committee, International Conference on Computational Creativity (ICCC) in Atlanta, USA, June 2017

- Reviewer for *IEEE: Transactions on Cognitive and Developmental Systems*, 2016-2017
- Program Chair and member of Organizing Committee, Workshop on Conceptual Blending and Metaphor Generation, Ljubljana, Slovenia, April 2016
- Program Committee, International Conference on Computational Creativity (ICCC) in Paris, France, June 2016
- Invited panellist, 1st Conference on Computer Simulation of Musical Creativity, University of Huddersfield, UK, June 2016
- Certified STEM Ambassador in Greater London for STEMNET (Science, Technology, Engineering, and Mathematics network) outreach, London, UK, 2016
- Reviewer for *Music Perception: An Interdisciplinary Journal*, 2015-2020
- Reviewer for the *International Conference on Computational Creativity*, 2015-2018, 2020
- Member, Athena SWAN charter, Queen Mary, University of London, 2015-2016
- Member, Women In Science & Engineering (WISE), Queen Mary University of London, 2015-2016
- Member, Women in Music Information Retrieval (international online community), 2015-present
- Program Committee, Workshop on Experience and Creativity, International Conference on Case-Based Reasoning (ICCBR), Frankfurt am Main, Germany, Sep 2015
- Reviewer for *Psychology of Music*, 2014-2019
- Reviewer for *Cognitive Science: A Multidisciplinary Journal*, 2013-2018
- Organizer of Computational Creativity journal club at Queen Mary, University of London, 2013-2015
- Volunteer to teach Music Psychology to prisoners at the Auburn Correctional Facility, Auburn, NY, 2011
- Reviewer for the *Annual Conference of the Cognitive Science Society*, 2009-2017
- Volunteer at the Ithaca Free Healthcare Clinic, Ithaca, NY, 2007-2008
- Volunteer at the Western Psychiatric Institute and Clinic, Pittsburgh, PA, 2004-2005
- Volunteer (music therapy) for three months at the Hillman Cancer Center in Pittsburgh, PA, 2003
- Volunteer (music therapy) at the Pittsburgh Children's hospital, 2003
